ASX ANNOUNCEMENT – APP 4C - DEC 2008 QUARTERLY CASHFLOW REPORT

ImpediMed Limited is pleased to provide its Appendix 4C quarterly cashflow report for the quarter ended 31st December 2008.

As reported in the earlier company update release, cash at the end of the quarter was \$4.7 Million, with pro-forma cash after a \$2.0 Million placement completed today coming to \$6.7 Million.

Receipts from customers for the quarter were \$687K, while gross sales for the quarter (unaudited) were \$708K, or \$386K after the European distributor credit (which had no cash effect, and had previously been provided for as a doubtful debt).

The cashflow from operations for the quarter was (\$3,308K), but as noted in the company update, the company's operating plans for 2009 project a more modest cash burn due to new product development costs reducing significantly (with the company's major development project completing its high cost phase), meaning the company does not have near term cash pressures.
